CITIZENS' PLANNING COMMITTEE REPORT

Health Care In Daly City

By FRANK LAPIERRE

In one of the most complete reports submitted to the Daly City Council, a blue ribbon panel of citizens has recommended a complete medical complex be constructed around Mary's Help Hospital in that city.

Such a complex, it was hoped, would afford comprehensive over-all health services to the public. It would likewise induce other medical services to locate in the area adjacent to the multi-million dollar hospital "in order to render better and more local service to the citizens of Daly City."

The nine-member subcommittee, headed by Harry Farber, was appointed several months ago to study health care in the city and offer suggestions on the subject for inclusion in the General Plan, now being drafted by the professional planning consultant firm of Livingston and Blayney.

The report indicated the group, consisting of several doctors and local business leaders, found it impossible to project the health needs of the community 30 years in the future.

"We find it impossible to try to project 30 years into the future since every group we have consulted will not attempt a reasonable prediction over ten years," the report explained.

In view of this, the subcommittee limited their recommendations to the next decade.

There is no "pressing need" for a convalescent home in the next five years near the Mary's Help Hospital complex, the subcommittee said. They noted that the hospital could use one of its floors for such a facility if the need arose.

And there is no requirement for additional hospitals in the North County.

"In fact, it was pointed out to us," committee chairman

Harassment Of Minister Is Charged

A Daly City minister has been subjected to "various types of harassment" because of testimony he gave to a county committee, it was charged last week.

The man who made the charge, Harry Bremond, an East Palo Alto lawyer who is chairman of the County Human Resources Commission, insisted that something be done to protect other speakers who may come before the committee.

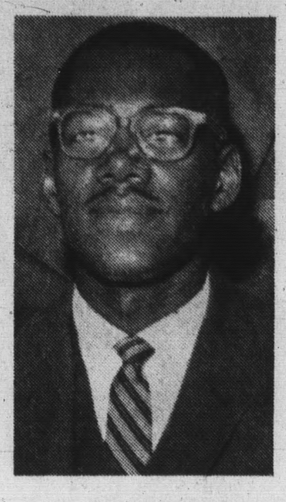
The minister is the Rev. Howard A. Bryant, pastor of the Second Baptist Church, who charged at a committee meeting recently that four youths were "framed" by the Daly City Police Department. The boys had been charged with robbing a Daly City grocery but the charges were dismissed. Deputy Dist. Atty. John E. Juergens said he asked for the dismissal because the victims were unable to identify the suspects in court.

After Bryant asserted that the boys had been framed, however, Juergens decided to re-file the robbery charges. He said the minister's statements had caused him to change his mind about not filing new charges.

Since then, according to Bremond, Bryant has been subjected to "harassment." Bryant was not available for comment today.

Bremond did not say who had been "harassing" Bryant but after the meeting he told reporters that it was "various public officials." He did not elaborate.

"I feel (Bryant's) testimony was given in good faith," Bremond said, "and that he was honest and sincere. We certainly should not invite anyone else to give testimony if they are going to suffer as a result."



REV. HOWARD BRYANT

The committee is conducting hearings on the proposed formation of a human relations commission.

"We should take adequate steps to make sure this doesn't happen in the future," Bremond declared. "If other speakers are to come, I would only caution them not to speak against the police department."

Bremond cited Juergen's quote about re-filing the charges because of what Bryant said, "That's really a low blow."

Members of the study group commented that the incident points out that a human relations agency is needed.

Juergens explained last week that, unknown to him, the victims of the robbery realized after court had adjourned that they could recognize at least two of the suspects, after all. Juergens had stated in court that the charges would nor be re-filed. Bryant's "unwarranted criticism" of the police department caused him to change his mind, however, Juergens said.

The deputy said he will proceed with the charges on the basis of circumstantial evidence as well as the eye-witness identification. Articles taken in the robbery, he said, were found in the youths' car when it was stopped minutes after the robbery a short distance away.

Juergens said he had not been contacted by Bryant and was unaware of any "harsasment."

"I certainly haven't recriminated against anyone," the deputy said, "and I know of no police officer that has."

Human Resource Meeting Slated For Daly City

The San Mateo County Human Resources Commission, which normally conducts its monthly meetings in Redwood City, has shifted its January session to Daly City.

A spokesman for the Commission said that Thursday's meeting will be held in the Jefferson High School cafeteria, starting at 7:45 p.m.

This will mark the first time, it was pointed out, that the Commission has met in Daly City.

The meeting will be open to the public.

South San Francisco planning commissioners voted unanimously to approve a use permit for the Guy F. Atkinson Co., "high rise" office tower Monday.

The commission's decision came after representaitves from the firm presented a film slide demonstration indicating the proposed structure would bare little effect upon the views of area residents.

Atkinson representatives also submitted testimony from several landscape architects minimizing detrimental effects shade from the building would have upon Orange Memorial Park.

Thomas Henderson, manager of building and properties for the Atkinson firm, presented slides photographed from points surrounding the proposed building site, and superimposed the building upon the photographs.

The planning commission decision concurred with the recommendations of City Planner Daniel Pass, and overruled objections from City Parks and

Bruno Industrial Employment Hike

Employment in industry, manufacturing and wholesale business in San Bruno last year increased 17 per cent above the figure at the end of 1966, Chamber of Commerce Manager Larry Mobley reported this week.

Mobley said the chamber's annual year-end survey of the three employment areas showed 46 firms operating with 1,069 employes.

In 1966, there were 43 firms with 881 employees, Mobley said.

Greatest increase in employment came from two firms, the H. S. Crocker Co., and Marelich Manufacturing Co., according to the chamber manager.

The two firms accounted for 215 new jobs in the city during the year.

The largest single drop in employment was noted at the Golden Gate National Cemetery, where the number of employees was reduced from 77 to 55 during the year.

A Call For Coast Beauty Contestants

Officials of the Miss Pacifica Pageant, to be held in April, are calling for contestants.

Executive director Stan VanderHule this week announced these general rules for entrants:

Contestants must have at least six months' residency in Pacifica prior to April 20, must be single and never have been married, divorced or had a marriage annulled, must be a high school graduate by Labor Day, shall not be less than 18 years old, nor older than 28 on Labor Day, must be of "good character and possess poise, personality, intelligence, charm and beauty of face and figure," and possess and display talent.

VanderHule pointed out that the 1968 Miss Pacifica Pageant "is now an official Miss California — Miss America preliminary."

He said the 1968 Pageant winner will compete over statewide color television in the Miss California contest carrying the banner of Pacifica.

VanderHule said a $500 scholarship, among other awards, will be received by the Pacifica pageant winner. The first runner-up will receive $100, he said.

"The local pageant," VanderHule noted, "is being made possible by the generous contributions from the Pacifica Rotary Club, Lions Club, Jaycees and the Chamber of Commerce."

Trustees To Be Busy

"Busy" — a repeat of 1967 — will be a common-place for trustees of the Jefferson High School District in Daly City in the new year.

A study session in district offices in the Westlake Shopping Center Monday night was the first of seven meetings scheduled for the month of January.

Members of that school board will have a shift in scenery as they shift to the main Daly City Library branch in Westlake Wednesday night to confer with the Library Commission.

Then next Monday, the trustees will convene in executive session to deliberate on Jeffer-

New Drug Appears In County

A new drug, described by authorities as "extremely dangerous," has made an appearance in the illicit drug market in San Mateo County.

Sheriff's Capt. Eugene E. Stewart identified the drug as phenylcyclohexylpiperidine, or PCP. On the street the drug in tablet form is known as "Peace Pills."

Stewart said a minute quantity of the substance can induce schizophrenic reactions in the user and that a small dosage could easily be fatal.

A young man arrested by San Carlos police December 23 had enough PCP in his possession for a fatal dose, the officer said.

Found in the possession of the suspect, Paul J. Henehan, 24, of San Francisco, was a plastic bag containing a white crystalline powder that could not be identified through the usual methods.

It was only through a series of tests, using the modern devices in the sheriff's criminalistics laboratory, that lab employes Cecil Hider and Steve McJunkin were able to identify the substance as PCP. Their research took nearly two weeks of painstaking checking and cross-checking.

Band Concert

The fifth joint Jefferson High School District band concert will be held January 26, District Supt. Edward Morgan announced Monday.

The bands of the Daly City and Pacifica high schools will be combined for the concert, which will be held at Oceana High School, in Pacifica, starting at 8 p.m., Morgan said.

Postmaster's Swearing-in Rites Friday

San Bruno Postmaster Donald Risso will be officially installed in the post Friday in swearing in ceremonies at city hall.

Risso, who has been acting postmaster in the city for the past two years, will be administered the oath of office at 3 p.m., in the City Council Chambers.

Cafeterias Finally Get Into 'Black'

The cafeterias of the Jefferson High School District a year ago couldn't find a trace of black ink.

But recent figures show them to be running out of the "red" at the end of the first three months of operation this fiscal term.

Through a re-evaluation and readjustments in the cafeteria operation, the district eateries — at Jefferson, Westmoor, Oceana, and Terra Nova — show now a profit for the period of $7,428.

By school, the total cafeteria profit:

Jefferson, $2,796; Westmoor, $1,598; Oceana, $2,466; and Terra Nova, $566.

Total expenses for the period — September through November — were $46,382.

A total income of $108,063 was realized from the operation.

Income came from A and C lunches, adult meals and milk, snack bar, needy children meals, employe meals, student help meals, the National School lunch program, special milk program, milk shakes and "other," the district report showed.

D.C. MYSTERY

Man Shot In Mouth

Daly City police were unable to question a 23-year-old San Francisco man following emergency surgery at Mary's Help Hospital Sunday for a gunshot wound of the mouth.

George Pastras, whose only known address is a hotel on Twenty-fifth Street in San Francisco, was in critical condition today in the intensive care unit of the hospital.

Pastras staggered into the emergency ward of the hospital yesterday shortly after 3:30 p.m. and collapsed.

Surgeons later removed a bullet from the victim's mouth where it had lodged.

Police Detective Richard Sims said "it definitely is not a case of attempted suicide" but said details surrounding the shooting are "fuzzy."

He said Pastras refused to cooperate with police after his admittance, except to say he had walked to the hospital alone.

The victim was apparently driven to the hospital by car and dumped off at the emergency ward, police said.

Pastras lapsed into unconsciousness on Monday and his condition has reportedly worsened.

Schneider Still Bruno C-C Prexy

San Bruno businessman William J. Schneider was re-elected president of the city's chamber of commerce at Tuesday morning's board of directors' meeting.

Schneider, manager of the Fairway Leasing Co. in San Bruno, has served as president of the organization for the past two years.

John A. Pierce was elected vice president of the chamber at Tuesday's meeting, and George R. Corey was named to the treasurer's post.

Stan vanderHule was elected to the board of directors.

The new officers will be installed at a dinner meeting January 27 at the Green Hills Country Club. Judge Jose DeLarios will be guest installing officer.

WM. J. SCHNEIDER

GUEST LIST

Joe Smith, president of the South San Francisco Lions Club, has announced guest speakers for January luncheon meetings held at the New Southern Restaurant.

January 16, South San Francisco Mayor Pat Ahern will address the group. Virgil Ringue, Postmaster, is scheduled for January 23, while golf professional Ev Goulart of San Carlos will be guest speaker January 30.

No Busing At Terra Nova Or Oceana

Contrary to rumors apparently being circulated widely in Pacifica, the Jefferson High School District doesn't have any present plans for Oceana or Terra Nova High Schools in connection with the boundary-ethnic balance study currently way.

District Supt. Edward Morgan emphasized that point Monday at the regular meeting of trustees in Daly City.

Morgan made the remarks after passing on to board members copies of letters from two Pacifica mothers, both of whom protested the "proposed" busing of students to and from schools not only in the Pacifica region, but to Daly City as well.

The superintendent said there were no plans for coastside busing, or shifts in Pacifica school attendance boundaries.

Trustees are dealing only with proposals to changes in boundaries and racial imbalance at Westmoor and Jefferson High Schools, and at Serramonte when that facility is constructed, Morgan explained.

Utility Man Charged With Attack Terror

A young PG&E engineer was arrested in Pacifica Monday and charged with the series of "utility man" rapes and attempted rapes which have terrorized the North Peninsula and San Francisco's Richmond District.

Laurence C. Sannes, 22, of San Mateo, was arrested about noon Monday as he sat in his automobile on Charing Cross Way in the Sharp Park district of Pacifica.

Police Inspectors Al Tebaldi and Paul Averiett arrested Sannes, a junior engineer in the PG&E Emeryville office, after spotting his blue "carryall" bus from the freeway.

The bus was observed leaving the scene of an attempted rape in the Park Pacifica area Friday, the officers said, and witnesses have also identified Sannes as the young man who ran from the victim's house.

Sannes is charged with one rape and three attempted rapes in San Francisco and last Friday's attempted rape in Pacifica.

He has been turned over to San Francisco authorities "because they have the more serious charge against him," Tebaldi said.

Police in San Francisco have been stymied more than three months by a rapist who gained entrance to homes by telling

Maxey and Hoffman have maintained the shadow from the 143-foot tower will have a detrimental effect upon plant life in the park, and have urged that the building be moved back 100 feet from Orange Avenue, instead of the designated 20 feet.

Antonio J. Gaudio, an attorney for the Atkinson firm, told planning commissioners the new "world headquarters" office would add $30,000 to $40,000 increment to the city's advalorem tax base, and provide employment for both construction workers and office personnel in the city.

"When the building is completed, Guy F. Atkinson will have an annual payroll of more than $5,000,000 in South San Francisco," he said.

Also, about $875,000 will be paid out in labor cost during construction of the building, according to Gaudio.

"Rather than an undesirable precedent, this buulding will be a milestone in the development of South San Francisco," he said.

Gaudio presented testimonial letters from several building trade unions in the area endorsing the project and stating the Atkinson company has been a "worthy employer of local workers."

Only two persons, Mrs. Lucille Cresmer, 529 Eurlid, and Mrs. Walter E. Clayton, 747 Parkway, spoke against granting the use permit.

They said the film slide demonstration "misrepresented the facts."

"The view taken from the Sign Hill area was photographed from the highest and most advantageous angle," Mrs. Clayton said, "and does not represent the plight of most homeowners."

Mrs. Clayton and Mrs. Creamer, who represent several homeowners of the area, declined to comment on whether or not they intend to appeal the planning commission's decision the city council.

Spokesmen for the Atkinson firm have indicated they will have to abandon their plans to build the new facilities in South San Francisco unless the use permit is finalized by the end of this month.

Southwood's Toy Drive A Success

For the second year in a row Southwood Junior High School in South San Francisco has completed a very successful "Toys for Tots" drive. Sponsored by the student council, all homerooms were invited to participate in the drive.

Prizes were awarded to the rooms contributing the most toys and having the greatest number of students participating.

Winning homerooms and their teachers were: seventh grade, Miss Catherine Jianopoulos and Miss Janet Richards; eighth grade, Miss Pamela Golton; and ninth grade, Charles White and William Hartman. Consolation prize was awarded to Kenneth Gray's class.

Literally one truckload of toys was collected by Southwood students for the underprivileged of the county.

Rezoning Resolution Is Adopted

The Daly City Council last night adjourned following a brief meeting, in respect to former Councilman Henry Sundermann who died last week.

Prior to the adjournment motion made by councilman Edward Dennis, the members adopted a resolution rezoning several lots of the Westlake subdivision from single family residential (R-1) to R-3 for construction of an apartment complex by the Doelger Company.

Henry Doelger Builders will construct a 130 unit "luxury view" apartment complex near the Westmoor High School in Daly City beginning soon.

In other action, the council awarded the Texaco Company a contract to furnish gasoline and oil to the city for the coming year. The company's bid was the lowest of the six received, City Manager Edward Frank said.

A public hearing on vacation of a portion of Beverly Street was closed and a resolution vacating the street unanimously passed by the members. There was no public opposition to the proposal.

The second reading of ordinance 676, which amends the city's fire zoning, was tabled for an indefinite period pending further study, at the request of City Attorney Albert Polonsky.

Mrs. Frances Ketcher, of 478 Orionte Street, handed the council a petition signed by several residents of the neighborhood in which she resides, asking for a revision in parking regulations on that street.

The housewife told the council the street was extremely steep and if vehicles parked at other than a 90 degree angle to the curb it presented a hazard.

"In the past five years there have been at least two serious runaway accidents on that street," Mrs. Ketcher said. "Thank God there were no children playing at the bottom of the hill."

The following night, they will gather with trustees of the Laguna Salada Elementary District in Pacifica, to discuss problems and projects of mutual concern.

Westmoor High will be the setting for a regular action meeting on January 22, while it will attend Youth in Government Week activities on January 29.

On Monday, January 29, the board will meet with trustees of the Bayshore Elementary District at Bayshore offices.

Also, it is anticipated that some members of the board will attend the Youth in Government Week kickoff luncheon, sponsored by the Daly City-Colma Chamber of Commerce, at International Joe's January 18.

February won't be a breeze either. Trustees will sit through four sessions during that month, meeting with the Daly City Council on February 5; in a study action session the thirteenth, with the Thornton High faculty the nineteenth and in regular session the twenty-sixth.

Health Care In Daly City

(Continued From Page 1)

Farber said, "that the entire North County is adequately set for hospital services for the next ten years."

On the subject of additional health care facilities for the city, the subcommittee pointed out that the complexity of the matter was so great that they could not offer any recommendations either pro or con.

The subcommittee contacted professional, county and state agencies in their studies on the matter.

Some of the subjects touched on in the report stated there was currently a need for some 25 in-patient and adolescent mental health beds in the North County.

"These should be developed in close relationship to present mental health facilities and there has been a proposal made to Mary's Help Hospital that they be jointly developed with the North County Mental Health Center," the subcommittee pointed out.

They noted that Peninsula Hospital was presently constructing a 48-bed unit to serve some 90,000 people.

"San Mateo General Hospital's services are over-taxed and have about 40 admissions from our area (the North County) monthly," it was reported.

As other governmental agencies expand, such as police and courts within the northern section of the county, "we find it feasible to have a few beds for persons under legal hold," committee members said.

A small locked police ward consisting of six beds was recommended, along with plans for a children's unit of ten beds.

If a meaningful program on alcohol problems is to be carried out, the subcommittee felt a de-toxification unit should be installed at a local facility consisting of at least ten beds. This would also aid in drug problems faced by the area.

On the subject of mental health, the subcommittee reported Daly City police presently handled about 75 calls per year that are judged to be mental health cases. San Mateo General Hospital handles another 1,000 such calls annually.

"Thus, 24-hour emergency services are very much needed—working in close conjunction with other existing and planned mental health services," the report said.

The committee, composed of Dr. John Connolly, Dr. Robert Gobar, Lawrence Hoban, Don Monson, Edward R. O'Donnell, Dr. Leo Price, Joe Sarto Jr., Dr. Howard Gurevitz and chairman Farber, said major emphasis should be placed on community treatment in mental health cases.

"The State Hospital will be keeping very few people over 14 days and new commitment procedures place the burden more than ever on local services," it was explained.

A serious gap in services within the community for persons suffering from alcoholic, chronically ill mental patients and those socially disabled for various reasons exists and should be dealt with either through establishment of a transitional "halfway house" in different sections of the north county; or increasing the number of available private homes that might be licensed for boarding these patients, according to the subcommittee.

The system could also be used for the care of certain welfare recipients.

The subcommittee also called for increased child care services (such as nursery schools) and recommended working more closely with police, schools and recreational agencies in promoting mental health programs and tying them in with systems "where and when signs of mental (disorders) first appear."

In concluding their report, it was suggested plans be made for housing and facilities aimed at serving an "older" age group "a problem we have not really had to encounter in the community up to this point."

Daylight Burglar Hits Six Times

Detectives were seeking a former Daly City youth today in connection with a rash of daylight burglaries which plagued the city Monday.

The suspect is a 14-year-old San Francisco youth who police say previously resided in the neighborhood where at least nine of the burglaries occured Monday.

A resident of the Skyline area spotted the youth near the scene of one of the burglaries, police said.

Victims of the thefts were unable to give police an immediate value to the property stolen.

The list of victims included:

Robert Pardini, 76 Crestview Avenue, reported a burglar broke into his home during his absence yest day and stole some $15 in small coins.

Hubert Brooks, 45 Montclair Avenue, clothing, watch, radios and various jewelry stolen after entry to the home was gained through a small window.

Paul Gregorieff, 225 Coronado Drive, various man's jewelry stolen.

John Burke, 44 Bellcrest Avenue, reported coins and jewelry stolen.

Carl Berg, 101 Westridge Avenue, entry was made by smashing rear basement window. Undetermined amount of household property stolen.

The Jefferson High School at 6996 Mission Street also reported the theft of some $50 from the school cafeteria, police said.

Tree Planting At Wilson School

Two separate Saturdays have been set aside by the Woodrow Wilson Parent-Teachers Association and the Jefferson Elementary School District in Daly City on which to plant trees on the new Woodrow Wilson School grounds.

As an Arbor Day project planned by a special committee and volunteers from the Daly City Parks Department, January 13 and 20 have been selected for initial planting at the school, with the inner courts planting to be completed in early spring.

At that time, each court will have a theme to "lend color and excitement to the school's appearance," a committee spokesman pointed out.

Overseeing the work will be volunteers John Vallerga, Dave Figari and Anthony Guillery. Sharing the work load will be students, their parents and members of the Wilson school faculty.

Plants for the project were selected to aid year-around color, with a minimum of care.

Twelve bottlebrush trees will be placed in sidewalk planters, while Ruby glow, Hollywood juniper, varigated thuja, Italian cyprus, Lily of the Nile and Golden tam junipers will be foundation plants along building walls.

Low-Breed Theft From Cafe in D.C.

As a general rule all thieves lack character, but it takes a special low breed to steal a container with charitable donations in it.

Last week a man walked into Joan's Grill at 6233 Mission Street in Daly City and grabbed a container holding some $14 in small coins and fled.

The money was to be used to aid children crippled by museular dystrophy.

"I can only hope that the thief needed the money more than those crippled children, however I doubt it very much," Police Lt. C. L. Terry commented on the case.

D.C. Woman Is Injured

An elderly Daly City woman suffered a broken left ankle when she fell down a flight of stairs at her home Friday.

Alice Bronson, 66, of 18 Ocean Grove Avenue, was rushed to Kaiser Hospital in San Francisco for treatment following the incident.

PROMOTED TO PFC

LONG BINH, Vietnam — Michael J. Caliway, 20, son of Mrs. Mary A. Calloway, 282 Verani Dr., Daly City, was promoted December 10 to Army private first class in Vietnam, where he is assigned as a heavy truck driver in the 10th Transportation Company near Long Binh.

98-Acre Land Sale Negotiated

Documents covering the sale of 98 acres of prime land in the Westborough subdivision in South San Francisco have been filed in the office of County Recorder Marvin Church.

Michael Callan, president of Caesar Callan Homes Inc., which sold the land, said preliminary plans call for a development similar to the big Woodlake project in San Mateo.

Internal revenue stamps on the deed indicate a price of $2,727,000. Buyers are GMT Investors and Morris - Glenney & Co. of Houston, Texas. Callan said the buyers have built apartments throughout the United States but that this will be their first venture in California.

Present zoning on the land, which extends from the southwest corner of Junipero Serra Freeway and Westborough Boulevard, will allow up to 4,000 apartment units, Callan said.

D.C. Chess Club Elects New Staff

The Daly City Chess Club, sponsored by the Daly City Recreation Department, started the new year by awarding trophies and electing new officers at its meeting January 2.

Two Jefferson High School youngsters walked off with both trophies. Jim Lemke was awarded the trophy for most improvement in club rating, while Brian Stanley won the award for the most challenge games played. New officers for 1968 are:

President, Lou Korens; Vice-President, Ray James; Secretary, Art Clarren; Treasurer, Dan Belmont; Tournament Director, Jim Cornwell; No. 1 Team Captain, Sam Bettencourt; No. 2 Team Captain, Carl Barton.

The club is looking forward to a very active and successful year.

Fogleman Is on Job

Brisbane Police Sgt. David Fogleman was reinstated in his position with the department Friday as soon as city officials were officially notified of his acquital, City Manager Lanier Brady said today.

Brady said a suspension imposed upon the veteran officer at the time of his arrest on a petty theft charge in November was rescinded yesterday, "and a copy of the rescinding order was forwarded to the department."

Fogleman's attorney, Thomas Bocci, said Thursday his client will "almost certainly return to his job on the force."

A jury found Sgt. Fogleman not guilty Thursday after a four-day trial on a petty theft charge.

Mrs. Halter New North GOP Leader

The North San Mateo County Republican Assembly has elected Mrs. Joe Halter president, for 1968.

She will preside over her first meeting at 8 p.m., Wednesday, January 10, at The New Southern Restaurant in South San Francisco.

Others elected are: Harmon Hallett, first vice president; Jack Riaska, second vice president; Mrs. Lee Heise, secretary, and Dan Murphy, treasurer.

Mrs. Jack Riaska and Mr. and Mrs. Young Han Choo were elected to the board of directors.

Tennis Courts Bid Accepted

South San Francisco councilmen have accepted the bid of the A. and J. Shooter Co. for construction of new tennis courts at Orange Memorial Park, even though the bid was approximately $22,000 above the city's original estimate on the project.

The firm's bid of $72,788 was the lowest of five bids entered on the contract.

City officials allocated $50,000 for the tennis court improvements in the 1967-68 fiscal budget, but their original cost estimate had to be revised.

When the project was first put to bid several months ago, only one contractor submitted a proposal, and that bid was left unopened after the firm conceded it was "well above the city's estimate."

The extra $22,788 needed for the project will be taken from funds allocated for other projects in the present budget, and the money will be included in next year's budget, councilmen said.

Work on the new tennis courts is expected to get underway immediately, and the project will be completed in about three months, according to Robert Maxey, recreation superintendent.

In other business Tuesday, the council approved Public Works Director Louis Goss' recommendation for removal of 21 luminaires from the Stonegate Ridge subdivision.

Goss said vandals have been destroying lights in the tract "as fast as they are installed," and recommended that the luminaries be stored in the city's corporation yard until the subdivision is further developed.

He said it will cost approximately $200 to remove and store the 21 light fixtures, and another $200 to re-install them. The cost will be charged to the Stonegate Ridge Assessment District.

City Manager Eugene Aiello reported a number of bids on insurance for city employes were opened this week, but recommended that an actuarial consultant be retained to evaluate the bids before they are considered.

He said the consulting service will cost approximately $1,300.

The council approved an agreement with the State Department of Housing and Community Development concerning enforcement of building regulations for mobile home accessory structures.

The state enforces regulations pertaining to mobile homes, and a recent act of the legislature places control of such accessory structures as sheds and porches with the state.

The city regulated these structures prior to last year, according to chief building inspector G. L. Rozzi, and will resume that jurisdiction under the agreement requested by the Housing and Community Development Department.

Councilmen approved the agreement unanimously, and Mayor Patrick Ahern praised the move as an example of a "return to local control."

Pacifica CC Membership Is Growing

The Pacifica Chamber of Commerce is continuing to grow in numbers and strength, according to Bernard Lake, the secretary-manager.

Lake said a membership campaign is under way now, with the chamber hoping to achieve its goal of 200 members.

The figure currently stands at 140, an all-time high, Lake pointed out.

Lake also announced that the January 11 meeting of the chamber will feature what he called an "unusual and interesting" film from the U.S. Chamber of Commerce dealing with "unnecessary government intervention in the lives and affairs of all of us."

The film is entitled "The Incredible Voyage of Mark O'Gulliver."

The chamber's monthly bulletin said the film "also shows how the executive, legislative and judicial branches of the government are intruding their powers and ideas upon each other, and how basic checks in our government are being undermined."

County Studying SSF Minorities

A blue ribbon committee looking into human relations problems in San Mateo County is considering scheduling a night meeting in South San Francisco to delve into the plight of the Spanish-speaking minority there.

Antonio Montoya, a South San Francisco civil engineer and member of the San Mateo County Human Resources Commission, described the situation to the committee last week:

"The problem of unemployment is very acute. Spanish-speaking youngsters are being forced to drop out of high school to help with the family income. Employment is the greatest need for our youth, and retraining for our older citizens."

Montoya said the problem is "basically the language barrier" rather than discrimination." He cited the case of a girl who had been hired as a grocery clerk but was dismissed because, being unfamiliar with English, she had difficulty in making change for customers.

"The owner said he was losing money," Montoya told the group. "But I told him that he would lose a lot more if the people started boycotting his store. It's only good business for industry to hire people from the area — and train them, if necessary."

Montoya told of a girl who dropped out of school in hopes of finding work to help supplement the income of her father, who was making only $1.50 an hour cutting flowers.

There are 1,688 children with Spanish surnames in the South San Francisco School District, Montoya told the committee. The Jefferson High School District has 1,215 and the Sequoia High School District 1,092.

The committee was appointed by the County Board of Supervisors to study whether a human relations commission should be formed and, if so, how it should be constituted. The meeting yesterday was one of a series of hearings.

Police Hunt Employe In Checks Theft

Daly City police have issued a fugitive warrant for the arrest of Steven T. Blakeway wanted for allegedly forging and passing several stolen payroll checks in the city during the past two months.

Police said the 37-year-old Blakeway stole the checks from the Bungalow Florist Company in Colma while employed there last December.

On December 7 Blakeway was arrested by police as he allegedly attempted to pass some of the forged checks at a Skyline Plaza store.

After his release on bail, Blakeway is accused of going to a Christmas tree lot on the corner of 87th and Edgeworth Avenues in Daly City and passing two more of the forged checks, totaling $377.

James Piccinini, owner of the lot, told police the suspect asked him to accept the checks after purchasing a Christmas tree.

Sing-a-Long Trees Fired

There's a party pooper running loose in Pacifica.

Last week he set fire to more than 100 discarded Christmas trees piled up at a Linda Mar beach parking lot.

The trees were to be the fuel for a giant bonfire — and annual sing-along event in that Coastside city usually attended by many townspeople.

Hopefully, firemen and Pacifica Recreational Department volunteers will be able to gather enough trees before the event tomorrow night.

'March Of Dimes' Month Proclaimed

Daly City mayor Bernard Lycett has proclaimed the month of January as "March of Dimes" month and asked all citizens to "contribute generously to fight birth defects."

In his 0roclamation Mayor Lycett said:

Whereas, this year is the 30th Anniversary of The National Foundation March of Dimes, and

Whereas, the purpose of this voluntary health organization is to fight birth defects, and

Whereas, birth defects are the nation's second greatest destroyer of life and the greatest childhood problem in the United States today, and

Whereas, birth defects are not inevitable, and research initiated by the March of Dimes has opened new ways to diagnose and treat certain defects, and

Whereas, to this end the March of Dimes supports a nation-wide network of Birth Defects Centers where children with birth defects can obtain help from teams of medical experts, and

Whereas, the March of Dimes puts increasing emphasis on preconceptual and prenatal education programs to protect future mothers and their babies, and

Whereas, the March of Dimes hopes to conquer birth defects through programs of research, medical care and education, even as it conquered polio.

Therefor, I Bernard J. Lcyett, Mayor of the City of Daly City do hereby proclaim the month of January, 1968 as March of Dimes Month and call on all our citizens to contribue generously to fight birth defects.

Ground Beef Recipes Given

NELL NORTON

(Sugar 'n Spice)

Good morning, good cooks.

I just returned from the market and one of the first things on my list was ground beef. Why did I buy it? I'm glad you asked, for it leads right into my first recipe.

Here is ground meat in a fancy dish — French yet. Quite easy to make and very inexpensive. Now there are two of the best recommendations I can offer for any recipe. And the last recommendation — it's delicious.

BOULETTES DE BOEUF

1 lb. ground beef
¼ cup fine bread crumbs
⅔ cup chopped onion
1 teaspoon salt
Dash of pepper
⅔ cup evaporated milk
2 Tablespoons butter

Mix together the one pound ground beef, one-fourth cup bread crums, two-thirds cup chopped onion, one teaspoon salt, pepper and two-thirds cup evaporated milk in a medium size mixing bowl. Shape into 12 meat balls (or more if you make them smaller). Melt the two tablespoons butter in a large skillet over medium heat. Add the meat balls, turning occasionally to brown on all sides.

FRENCH-STYLE SAUCE

1½ cups sliced fresh mushrooms (about 4½ ounces)
¾ cup small onion rings
2 beef bouillon cubes
1 2-3 cups boiling water
½ teaspoon dried crumbled tarragon
⅓ cup flour
½ teaspoon salt
Dash of pepper
1 cup evaporated milk
⅓ cup small parsley pieces

After meat balls are browned, push to side of skillet. Add the one and one-half cups mushrooms and three-fourths cup onion rings and cook until mushrooms are browned, stirring occasonally. Meanwhile dissolve the two bouillon cubes in the one and two-thirds cup boiling water. Pour over browned meat balls and vegetables. Sprinkle the one-half teaspoon tarragon over all. Bring to boil over medium heat. Cover tightly, then turn heat to low and simmer 15 minutes. Remove from heat. Sprinkle in the one-third cup flour, a little at a time, stirring to blend. Then add the one-half teaspoon salt and pepper. Gradually stir in the evaporated milk. Turn to low heat and cook uncovered, stirring occasionally until thickened, about 5 minutes. Stir in the one-third cup parsley and serve.

Makes 6 servings.

Note: Two cans (4 oz. each) of mushrooms (either sliced or stems and pieces) may be used. Used canned mushroom liquid in place of part of the boiling water called for.

☆ ☆ ☆

YOU CAN SERVE THIS DISH with any starch you like, mashed potatoes, rice, noodles, whatever catches your fancy. Toss a large salad, using marinated mixed vegetables and kidney beans. Slice crisp French bread. A complete and eye appealing and very tasty dinner.

☆ ☆ ☆

This next recipe for a molded luncheon dish came to me indirectly. My friend, Mrs. Barbara Johnson, belongs to a tennis club and this was served at a luncheon after a tournament. Barb found it so delicious that she rounded up the recipe for me. Mrs. Virginia Stark of Tiburon was kind enough to share it with us.

CORNED BEEF MOULD

2 packages lemon gelatin
3 cups boiling water
2 cans corned beef
2 cups minced celery
¼ cup green pepper, minced
¼ cup minced onion
6 hard-cooked eggs, 4 in salad
2 cups salad dressing or mayonnaise

Melt the two packages gelatin in the three cups boiling water. Allow to cool until of a syrupy consistency. Combine the two cans corned beef, broken into small pieces, with the two cups minced celery, one-fourth cup each green pepper and onion, the four hard-cooked eggs, chopped, and 2 cups mayonnaise. Add this combination to the gelatin and place in large baking dish. Allow to set in refrigeration. When ready to serve garnish with additional mayonnaise and the two remaining hard-cooked eggs, sliced.

This makes a very large salad, I halved it for a luncheon recently. It was delicious and quite satisfying as the entree, and served six.

SINCE I'M PASSING ALONG RECIPES that I've been saving for you good cooks, try this one for a wonderful dessert. Mrs. Audrey Neibolt who lives at 70 Bladwin Avenue in Daly City gave me first a sample and when I exclaimed over the results of her culinary arts, the recipe for this rich, chocolate dessert.

CHOCOLATE CHEESECAKE

1½ pounds cream cheese (3 large packages)
1¼ cups sugar
2 squares unsweetened chocolate, melted
1 envelope unflavored gelatin
¼ cup water
2 pkgs. whip 'n' chill chocolate dessert mix
⅛ teaspoon cinnamon
Mixture for 9-inch graham cracker crust.

Soften the three packages cream cheese, blend in the one and one-fourth cups sugar. Stir in the two squares melted unsweetened chocolate. Add the one package gelatin to the one-fourth cup water and allow to stand until softened, three to five minutes. Place over hot water and stir until dissolved; blend into creamed cheese mixture.

Prepare the two packages dessert mix as directed on box, reducing second whipping speed to medium. Blend into cream cheese mixture along with the one-eighth teaspoon cinnamon.

Use crumb mixture to line bottom and sides of 9-inch spring form pan. Pour in cheese mixture. Chill until firm, at least 4 hours.

For small cheese cake, reduce all ingredients by half, and use 1 teaspoon gelatin. Pour cheese mixture into a 10-inch pie pan or 9-inch square pan, which has been lined with crumb mixture.

GRAHAM CRACKER CRUST

1½ cups graham cracker crumbs
⅓ cup sugar
¼ cup softened butter

Combine the one and one-half cups crumbs with the one-third cup sugar and one-fourth cup soft butter. Mix well.

The January calendar of the Y-Wives Club of the San Mateo YWCA has been announced by Mrs. Clarence Adams, president.

Club members will tour the S.P.C.A. in South San Francisco January 11. The highlight will be meeting the "Animal of the Week."

The following Thursday, January 18, Y-Wives members will hold a luncheon and fashion show at Joe's of Westlake.

Apparel from H. Liebes will be modeled by YWCA models Mrs. Robert Washford, Mrs. Alfred McGuirk, and Mrs. Edwin Flato.

The January 25 program will center on the various aspects of physical fitness through proper nutrition, mental outlook and physical activities.

The YWCA Widget World Nursery program is taking registrations for classes now and will hold its orientation meeting on Thursday, January 11 at 7:30 p.m. at the Westlake Lutheran Church.

Mothers of enrollees are automatically members of the "Y" Nursery Association. Mrs. Adams said "parents' cooperation is essential to this program and mothers may choose to serve on committees or work projects or assist class instructors." Preferences should be stated at time of registration.

Reservations are now available for "A Day at the Races," a "Y" special event, on January 23 at Bay Meadows Race Track. The special group price includes entrance fee, lunch, reserved seat and an afternoon of harness racing.

Brochures and detailed information about Y programs are ready for you at the Y office, 375 South Mayfair, Daly City.

Money Woes, Pupil Protest Will Feature '68 Outlook

The coming year looks like a period of continuing concern over money problems, student protests, labor demands, and need for more housing, a panel of business leaders forecast last week.

G. Cameron Hurst Jr., presided over "Outlok for 1968."

Hillsdale Developer David D. Bohannon predicted an increasing demand for housing, which could satisfy a need for 1,500,000 or 1,600,000 new homes in the U.S., during 1968.

"The big question," he said, "is where will the mortgage funds come from?"

Bohannon forecast that if the federal government adopts "at least a 10 per cent surcharge on income taxes," and "a sharp reduction in federal spending" especially inside the country, the effect would be "a stabilization that would make long term money available."

The alternative, he suggested, is that the country "could enter a very dangerous inflationary cycle."

Locally, he said, there would be a noticeable pressure toward increased efficiency of land use, multiple dwellings and higher density development.

'Good Homes'

Pressures of population, he said, "will compel the best kind of judgment," be used "to produce good homes." Needed homes can be built, he said, "but it can't be done on single family lots any more."

Also forecasting "increased pressures" was James Bacigalupi, Crocker-Citizen vice president and branch manager for San Mateo.

Bacigalupi said a banker dare not predict higher interest rates, but said: "It looks as though there will be increased pressures;" and the Rotarians chuckled.

He said he expects a continuing increase in the nation's "gross national product" which would continue "the longest period of increases of gross national product in our history, from 1961 through 1967.

"Production is our great strength," he said.

He said he sees no reason why the U.S. would devaluate the dollar, which "is based more on the productive power behind it than on the gold backing it."

Post Publisher J. Hart Clinton said forecasting the labor outlook was the easiest chore of the panel, because "labor's motto is always 'more'." He said he does not blame this on "the labor leaders, the pressure is on them from the rank and file."

Clinton said 1968 will be marked by continued demands, "but there will be greater resistance from employers because the profit picture is not as good as it has been."

Some employers will look at the profit margin, he forecast, and will be "more willing to take a strike," and this condition will bring about the "attendant labor unrest."

Clinton pleaded with his fellow Rotarians to support College of San Mateo's upcoming bond and tax rate proposal to finance completion of two new campuses.

He said there should be more leadership from university leaders to end student strife.

"If you look at the softness" of leadership that has existed in some places, he said, "you can find the source of much of the trouble on campus."

'Common Rules'

College of San Mateo Vice President William Goss, who will be president of CSM's new Canada campus in Redwood City, agreed that college leaders must "enforce the common rules which govern all of us."

He said the current wave of unrest among young people is due primarily to two factors, "alienation of the sons and daughters of an affluent generation," and the "thrust for black power."

Goss said non-students can be prohibited from inciting campus riots, and suggested such steps will be taken on San Mateo County campuses.

Asked if special facilities should be provided for minority groups, he said "public schools should provide special facilities for all students," and "for any students who need them."

"After all," he concluded, "we are the ones who need those special skills."

RETIRING MAILMAN — Ed Bergeron is the first South San Francisco mailman to retire. Bergeron, a bachelor, has worked here for 20 years and 10 years with the Massachusetts postal service. He lives at 378 Dolores Way and plans a six-months tour of the U.S. and Canada after retiring February 5.

FLASHY FLASH — Both Daly City councilmen Frank Pacelli and Anthony Giammona have annnounced their candidacy in the upcoming April council race. Two others still in the "rumor" stage; one a service station owner and the other a city commission member.

HOW CUM DEPT. — Guy F. Atkinson Company (of South San Francisco) can build a giant dam in West Pakistan (the Mangla Dam), but is having difficulties putting up a mere ten-story structure in South City? The Mangla Dam is billed as "one of the world's largest" but the headquarters office building being proposed certainly won't be that imposing. Just a simple office structure, which has rankled some citizens who claim it will "block the view."

ENGINEER BILL CHAPMAN really scorched city planners in general, and some in particular during a speech at the Rotarians Club the other day in Daly City. Said most of them had "champaign tastes and working on a beer budget." How true, how true. He went on to point out that many come into a city, stay a couple of months and map out plans that will be used as a guide for the growth of the area. And he said there are only a limited number of colleges which have courses on city planning. In other words you can possibly have a degree in Liberal Arts and become a city planner. Sounds better than being a journalist, anyway

Hart for the pedestrian walkway construction (at a cost of $9,700 in State funds) between North Mayfair Avenue and Junipera Serra Boulevard ... And while he was in a good mood, Reschke also thanked Hart for the "excellent job done on Skyline Boulevard widening and resurffacing" between St. Francis and San Bruno Boulevards ... Landscaping is also completed on the Junipera Serra Freeway from Orizaba Avenue to Eastmoor Avenue. The work involved some 37.2 acres of freeway right-of-way and cost more than $366,000. The project included water pipes and a variety of ground cover and shrubs.

What Is a 'Ghetto'?

The word ghetto seems to have a different meaning for each person who uses it. Its derivation is vague; its pronunciation is controversial.

Presumably the first ghetto was a section of Venice that was walled off in 1516 and declared to be the sole part of the city open to Jewish settlers. Since it was near a cannon factory, some students think its name came from the Italian word for cannon.

Another theory holds that the original ghettos were called guettos or guittos from the Italian word meaning a filthy place or creature.

Still another theory holds that the original ghettos were German and were called gitters which means bars.

A fourth theory suggests that the Jews, themselves, gave the areas where they lived the name ghetto from Get which means separation or segregation.

☆ ☆ ☆

ONE OF THE MOST COMMON theories states that originally a ghetto was called a borghetto which meant a small, negligible section of a town.

Until recent times the word ghetto was associated with areas where Jews were forced to live and confine their commerce and activities in general. According to the Encyclopedia of Social Sciences the signal for the formation of compulsory ghettos in most cities was given by Pope Paul IV in 1555.

Since that time there have been ghettoes in most of the cities of the world. In recent times, however, the concentration of Jews in the so-called ghettoes has been voluntary as much as compulsory. Since many Jewish people came to live in the ghettoes in humble circumstances, they gave it a greater degree of poverty than that known to other sections.

To many Americans the word ghetto descended from all the above definitions to mean an area where a minority race is more or less segregated.

But many who throw the word around do not agree with this defination. One author writes the a ghetto is an enclave where members of a minority feel they are welcome.

☆ ☆ ☆

ANOTHER HOLDS that a ghetto is an area dominated by the culture of a race or a sect. As an example he cites the Lower Eastside of New York City during the early decades of the 20th Century. Hebrew was spoken by many people. There was a Yiddish theater and Yiddish newspapers. Synagogues were numerous. Jewish shops dominated the business activities.

A member of a Negro society with whom I spoke defined a ghetto as an area where over 30 percent of the residents have the same racial background and economic circumstances.

His secretary said "a ghetto is a slum."

An article in Ebony Magazine that was that a ghetto is a frame of mind. The author republished in the book, "Freedom Now," says that a ghetto is a frame of mind. The author writes, "Ghetto thinking, the result of years of ghetto living, is the avoidance of acion or the degrading of oneself to be permitted to survive."

☆ ☆ ☆

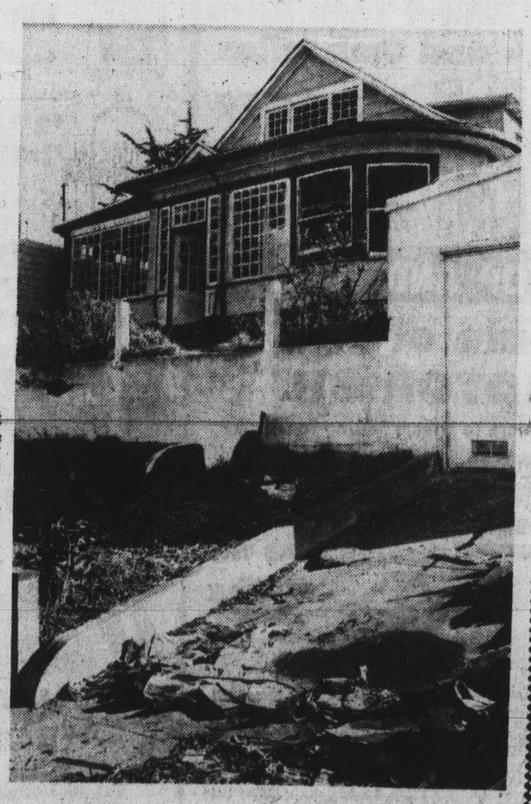
HE LINKS PROGRESSION for ghetto dwellers-Negro, Jewish, the poor or whatever and whoever — with the shedding of the ghetto mentality and the elimination of upperclass complacency.

This seems to be the same point of view as that taken by a writer in the Encyclopedia of Social Science who observed that conservative and dominant elements within the ghetto communities resist the breakup of the ghettoes and cultivate an atmosphere of animosity towards those who reside outside.

All this leads to a comment of a nineteen-year-old Negro youth quoted by Kenneth B. Clark in his book, "Dark Ghetto."

"I work to see the day when my people have dignity and pride in themselves as black people. And when this comes about, when they realize that we are capable of all things, and can do anything under the sun that a man can do, then all these things will come about: equality, great people, presidents, everything."

EYESORE OF THE WEEK



Sorry about that, but last week The Post ran a picture of this same structure, but it showed a wrecked and abandoned car (or what was left of one) in the driveway. Our photog revisited the scene and found the car gone. We can't say the picture has been improved much by its absence, however, and ask again: Is this mess a credit to a neighborhood?

Postman Retires: 'First' in S.S.F.

By VERA MARCUS

A "first" for South San Francisco Postal Service will occur when Ed Bergeron of 378 Dolores is retired on February 5, the first official letter carrier in the city to do so while in service.

In honor of the occasion, postal employes of South San Francisco will hold a retirement dinner at Lyles on January 27.

Chairman of the event is Ray Evans, president of the local National Association of Letter Carriers, Branch 3035.

Committee members include Herbert Rosetti and Reno Milini.

Ed Bergeron came to South San Francisco in 1948 from Boston. In his beginning postal service the route included Paradise Valley, and Linden and Olive avenues.

Then there were two deliveries of mail daily and the uniform hat, recalls Bergeron, looked like a "sauce pan" instead of the snappy, eight point hat the mail carrier sports today.

There is quite a bit of stick-with-it-ism in Ed Bergeron family background.

He has had 30 years in the postal service. His dad was a barber for 59 years in one location. And, his sister has been a teacher in the same school since 1927.

One of Ed's most unusual experiences occurred several years ago in the Brentwood tact on Wildwood Drive. As he was making the usual mail deliveries he went by 422 Wildwood Dirve when the resident's cocker spaniel dog got so excited it jumped through the front window to get at Bergeron. The animal was so startled by the impact it just sat perfectly still and the shattered glass formed the perfect imprint of the dog.

It wasn't until six months later when the resident of the home in conversation with Bergeron brought up the incident of the broken window that Ed had the opportunity to explain what had happened and one of life's little mysteries was solved.

The Sprawling Palace

JUST finding our way through the sprawling Cow Palace in Daly City would be our "biggest" headache as the interior changes from one event to another during the week.

But, to Ed Diran, secretary-manager of the home of diversified entertainment, information and education, one of the really big problems is fitting in construction and alterations around a tight, facility-demanding schedule.

For instance, to accommodate the largest boat in the San Francisco Boat and Sports Show that starts Friday, in between basketball, track and other events Palace crews had to make one of the big doors even bigger — up to 16 feet high.

To do this, the workmen had to dig out the old concrete ramp, scoop out better than three feet of dirt, work around telephone cables and water and sewer pipes, and lay more new concrete.

It wasn't a simple job.

In many ways the Cow Palace has progressed through just this type of construction. Starting as a big, fully enclosed pavilion, it has been completed over the years as specialized need dictated.

☆ ☆ ☆

DIRAN, who was one of the three persons first hired when the Palace opened in 1941, manages despite the activities week after week to keep up with everything that goes on.

Diran was with the State Department of Finance before becoming accountant for the then new Cow Palace, a state facility known officially as the No. 1-A District Agricultural Association.

THE MISS PACIFICA contest — already one of the tops in the county, both from calibre and money outlay standpoints — will put out a little bit more.

The Chamber of Commerce's Bernard Lake said the budget for the contest — for which entries now are being taken — will be $4,805.

It's a tribute to Stan VanderHule, who has been directing the Pageant in recent years, to be re-appointed to the chairmanship even though he has been transferred by Eureka Federal as manager of the San Bruno branch.

Mike Wyman, manager of the Pacifica branch of the First Nat'l Bank of Daly City, is assistant executive director, working closely with VanderHule.

Mrs. Joan Ellison, former chamber sec'y, Mrs. VanderHule and Theresa Roberts, a former Miss Pacifica, are working on entries.

McGrath Ends 20-Year Term In Football

Veteran football coach Joe McGrath of Jefferson High School in Daly City has announced his retirement from that post effective immediately.

The likeable McGrath, who's career spanned the past 20 years at Jefferson, will stay on at the school as athletic director.

"I feel that it is time to let someone else have a chance at coaching," McGrath said. "I've been at it a long time and the time has come when I want to spend more time at home."

Gary Leahy, assistant football coach and frosh-soph coach under McGrath, will take over the varsity duties in 1968.

McGrath will finish out his duties as wrestling coach before ending his coaching career for good.

"I wanted to hang them up before wrestling season started but they asked me to stay on for just one more season," he explained.

McGrath's Indians experienced their worst season in North Peninsula League footblll play last year when they went 0-0.

MEMOS FROM A DECORATOR'S NOTEBOOK—PART I

In coming weeks in this column we'll talk about fixing up different rooms in your home — and today, we'll start with a column on several ideas for the bedroom.

Sometimes a lemon yellow ball fringe added to the edge of a too-white bedspread or drapes will do the trick effectively and inexpensively.

If you have the room in your bedroom, use something else instead of the usual boudoir chair. Why not use a pair of chairs with a table or combination table-lamp in between for reading and snacking.

Many a lifeless-looking bedroom has been brought to life by putting a large picture or several smaller pictures on the wall over your headboard.

The problem of overcrowded bedrooms might be solved by placing the chest of drawers in a walk-in closet.

Here's an idea that can work well in some bedrooms and can add a nice touch. Paint all the drawer pulls in a color picked up from your bedspread or drapes.

And remember for the best in home furnishings for any room in your home, and for the finest service, come and see us. We'll be happy to see you.

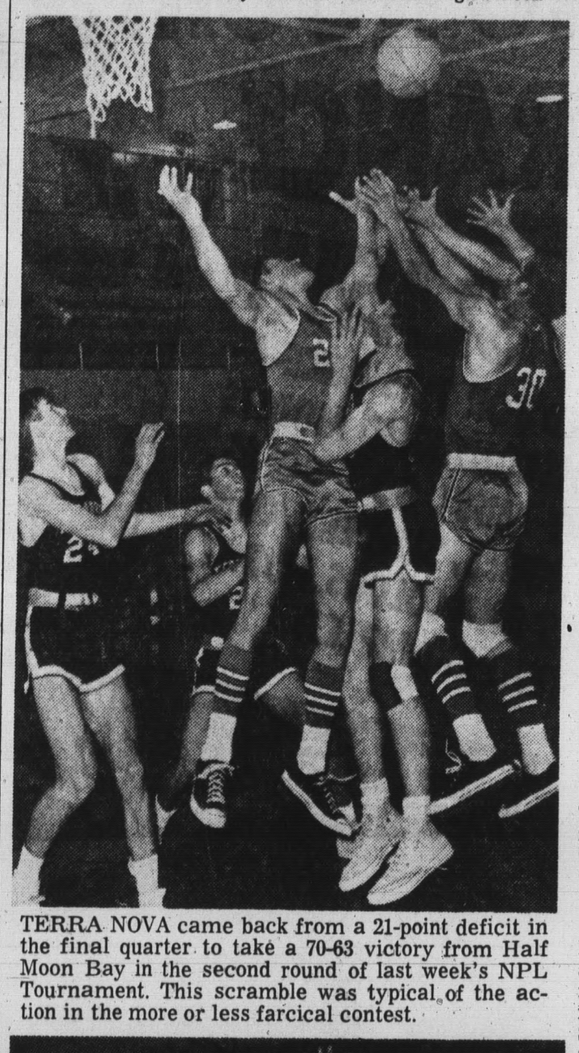
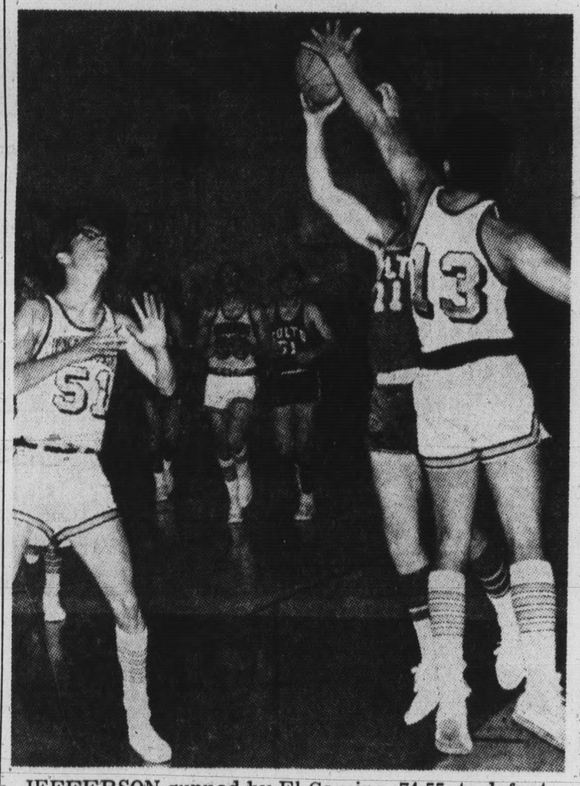
Westmoor Captures NFL Tournament; Eliminates Jeff

With league play just beginning, and Westmoor reigning as champions of this year's North Peninsula League Tournament, many might think that the tourney's outcome is a prediction of things to come. Don't you believe it!

Westmoor came from behind in the final half of play to beat upstart Jefferson High School, 39-34, and end a three-year domination of the tournament by South San Francisco High School.



TERRA NOVA came back from a 21-point deficit in the final quarter to take a 70-63 victory from Half Moon Bay in the second round of last week's NPL Tournament. This scramble was typical of the action in the more or less farcical contest.



JEFFERSON gunned by El Camino, 74-55, to defeat Coach Warren Hagberg's Colts for the second time this season in tournament play. Here the Indians' Bob Torre swats down a Colt shot late in the game.

In other final round action, San Francisco's Washington High School bombed an impotent El Camino five, 69-60, to take third place; S.S.F. won the consolation title with a 73-60 victory over Terra Nova, and lowly Half Moon Bay managed a 60-53 victory over Oceana High School.

With the tournament victory, Westmoor proved that it has overcome its mid-practice season slump and is ready to make a serious bid for the title. However, S.S.F., which was upset by Washington in the opening round, came on strong the last two games and appears likewise ready to storm towards the crown.

The "slow-em-up" Westmoor offense and defense paid off in the second half after the Indians had built up a seven-point lead in the first 16 minutes and were leading by two at the half. The smaller but quicker Indians completely outhustled their cross-city rivals on the boards and on offense and it wasn't until mid-way through the third period that the stronger Rams began flexing their muscles.

But after the half Jefferson tried to gun from the outside more than usual, a feat the Rams are noted for as well as their zone defense, but the shots didn't fall. Center Gary Soules and forward Grady Proctor started clearing the boards, and another five-point lead by the Indians began to fade.

Scoring in quick bursts the Rams built up a 35-28 lead and started stalling out the final four minutes. But Jefferson made one last bid when Eddie Smith tipped in a missed free throw for two points, and in the final minute of action Gary Ciardella's bucket made it 35-32.

But with 24 seconds left, Proctor hit two free throws. Mike Mjehovich hit another Jeff score to close the gap with eight seconds left but two more free throws by Joe Anibale iced the game with three seconds to go.

El Camino's nine-point loss wasn't even that close. The Colts, who appear destined for a second-division finish without guard Steve Jones, out with another broken thumb, were down by 27 points in the last half before a late spurt by forward Bill Godkin, who had 27 points, brought them to within a respectable distance.

Soft-touch artists Carlos Baker of Washington popped through 21 points for the winners.

S.S.F. stuttered around for a while with the Terra Nova Tigers until a 25-point third quarter clinched the game for Bill Purcell's Warriors Guard Steve Murphy, who played two strong-scoring ball games, led the second half Warrior charge along with center Steve Venters' 24 points. The Warrior win overshadowed a tremendous 31-point performance by the Tigers' George Martinez, who singlehandedly kept the Tiger five within striking distance.

Oceana, playing without any regular starter, became the first NPL team ever to lose a basketball game to Half Moon Bay. One game over his limit, coach Rich Warne decided to go with his reserves and lost the gamble and the game.

Ray Hartman and center Tom Pacheco kept the Cougars constantly in front while Paul Mann, with 10, and Ray Lipsie, with 15, accounted for most of the Shark offense.

Reluctant Bowl Talk

Much as we dislike succumbing to the urge to do what's expected of us, we suppose we'll have to do something on the bowl games, especially since we managed to restrain ourselves from picking bowl scores.

Frankly, though, by the second day of games they all began to look alike to us, the announcers all began to sound alike, and by halftime of the Green Bay-Dallas game we would have gladly settled for **Russ Hodges, Lon Simmons,** and **Juan Marichal's** sinuses.

One of the events which most impressed us during that frightening weekend, however, was Vince Lombardi's gamble to win rather than tie and risk a fluke loss in a sudden death overtime to the sometimes lucky, always explosive, Dallas.

Had **Bart Starr** not made it on that quarterback sneak — which was about the only call he could have made under the circumstances — it's doubtful as to whether or not the field goal team (with Green Bay being out of time-outs) would have been able to set up in time.

Even if they had, and we believe this may be the way Lombardi thought, there was too much of a chance (because of the terrible cold) for a faulty snap-back, a poorly handled placement hold, or slithering off the side of the foot on the actual kick. The field goal in those circumstances wouldn't have necessarily been automatic.

★ ★ ★

WE FEEL that Lombardi thought that the Packers' best chance was to handle the ball as little as possible; in that particular case, only the snap from center to Starr.

The decision took a lot of guts for Lombardi in the face of all the second guessers it would have produced had it failed. The key, of course, is that Lombardi has never worried about second guessers, and that may be the secret of his success.

It also occured to us that much of the East-West Shrine rosters are made up of losers. Players with successful teams, i.e., bowl teams, rarely can make the game . . . Alabama's **Kenny Stabler** is one of the rare southpaw passers in recent years, and certainly one of the best . . . **Gary Beban** (even though he played for UCLA) and **Kevin Hardy** (even though he played for Notre Dame), who were the East-West game's top offensive and defensive players along, of course, with **O. J. Simpson** (who was the Rose Bowl's Most Valuable Player), further cement Northern California's claim of improving football talent. Beban, of course, is from Redwood City, Hardy from Oakland and Simpson from San Francisco. Now if Northern California colleges and universities could only figure some way of recruiting these kids. . . .

We understand, incidentally, that Ray Wilsey's been told by adoring Cal alumni to go out and spend it, they're behind him all the way. They want a title, and soon.

This year's Rose Bowl game marked the first time we wouldn't have felt bad if the Big Ten had won. The reason is that Coach John Pont is such a nice guy. We haven't met him personally, but were told weeks ago by high school coaches who have attended clinics conducted by Pont that he is one of the few big time coaches who will go out of his way to personally help inquiring prep coaches and treat them as equals—as colleagues — in the process.

This came through on several television interviews, as well. Wilsey, incidentally, is another coach who has the reputation of being a "regular guy" and fine coach.

★ ★ ★

THIS IS A LATE ITEM, but it should be said, so we'll say it. San Francisco State's record-breaking quarterback, Bob Toledo, continued, apparently, to be slighted when he was passed over as the Potato Bowl's Most Valuable Player last month.

First Toledo, who set a bundle of national passing records last season, was named as only second team Little All-American; then he was ignored for the East-West classic; but the final blow, it seems to us, was that Potato Bowl game.

Bob Layland, University of the Pacific running back, was named the game's Most Valuable. His statistics were uninspiring, as he carried 12 times for 33 yards and scored one touchdown on pass reception. Santa Clara's **Ray Calcagno** was named the game's Most Valuable Back. He played little more than the last quarter, connecting on three of five passes for an unspectacular 30 yards. He did score the last TD himself on a one-yard sneak, but it came long after the North had already established a commanding lead, as did Layland's td.

Toledo, on the other hand, came off the bench midway through the first quarter with the North bogged down and behind 7-0, immediately fired a 44-yard TD pass to spark the Northerners, and went on to complete 11 of 20 for 148 yards.

We didn't see the game and there may have been mitigating circumstances. Statistics don't always tell the story. But all objective passes reports we read on the game made Toledo out the hero.

★ ★ ★

OTHER FOOTBALL ITEMS NOTED: There's seldom been a year with such unanimity in thought among All-American selectors, especially on the offense. There wasn't a major All-American team which didn't sport a backfield of **Gary Beban, O. J. Simpson, Leroy Keyes** and **Larry Csonka.** All told, there were eight offensive players who weren't left off a major All-American team.

Everybody else is going to the moon but football still insists on measuring with chains and officials' feet and eyes. You know all of the complications which arise out of these stone age methods. Or haven't you ever seen a team gain or lose a half yard after replacement of a ball, for instance?

About 10 years ago a man developed a surveyor's-type instrument which was apparently extremely accurate, but a little slow and cumbersome. San Francisco State and a few other schools experimented with it for a brief period and then dropped the idea. True, there were deficiencies in that particular instrument and the way in which it had to be used. But we always thought it was something worth refining.

Nobody ever did. Guess it was too scientific for football.

It's ironic that football, which with all of its polished jargon and spaceman equipment tries to assume modernity, still clings to such archaic practices as measuring with chains and the Statue of Liberty Play (remember when **Frank Merriwell** used it?), which we saw a certain professional team use recently.

★ ★ ★

TAG END: We don't know this for sure, but we think that Oakland's **Billy Cannon** is the only major league pro footballer to ever make All-Pro at two positions; certainly in such divergent positions as backfield and line. In 1961 with Houston he made it as a running back; this year as a tight end.

Westmoor Downs Cap Wrestlers

Westmoor bombed an outmanned Capuchino team, 50 to 10. Westmoor, backed by nine pins, won all but two of 13 matches. The nine pins set a new record for the wrestling Rams.

The previous record was set by the 1964 wrestling team when it racked up eight pins on its way to a 55 to 0 win over Mills.

Westmoor opened the meet with three first-round pins. First-year-varsity men Lorber and Donham pinned their opponents Petillo and Samberg, while veteran Vance Hughey pinned Miller in the 112-pound class.

Capuchino's first win came in the 120-pound match. Westmoor's Craig Clark and Capuchino's Kesling fought it out for three rounds with Craig coming out on the short end of a 10-9 decision. Kesling scored four points late in the third round to come out on top.

Westmoor's 127 pounder, Bruce Pope, put the Rams back on the winning trail with a second round pin of Capuchino's Callicot. Bernie Brooks wrestling in a new weight class came close to getting the fastest pin of the day for Westmoor with a time of only 57 seconds, but Nick Wellisch topped that mark by four seconds as he pinned Escobedo in the 145-pound match.

Capuchino won its other match when Balesrieri who is one of the best 154-pound wrestlers on the Peninsula pinned Westmoor's Archie Begletzoff with one-tenth of a second left in the third round.

Westmoor's heavyweights closed out the meet with four straight wins of which three were pins. Westmoor's Shel Klein, a 165 pounder, and Steve McBride, a 191 pounder, scored first-round pins. Burt Lanthier found competition a little tougher as he racked up a 13-0 lead before pinning Lambertz with 15 seconds left in the match. In the unlimited division Don Barbitta picked up four points in the third round with a reversal and predicament to win his match 6-2 giving Westmoor a final score of 50-10.

Last Friday the wrestling Rams won their first league match by coming from a six-point deficit to a two-point winning margin in the last two matches as the Rams won 24-22, over Oceana.

Oceana stunned the Rams by winning every match from 133 pounds to 174 pounds except one. That one loss by Oceana allowed Westmoor to take the lead in the final matches.

The meet started off with three high scoring matches. Wrestlers in the 95-, 103-, and 112-pound weight division ran up over 50 points between them. Oceana took the opening match 13-9 as Villerreal reversed Westmoor's Lorber in the third round. Westmoor, however, bounced back into the lead with wins by Mike Donham and Vance Hughey in the 103- and 112-pound classes.

One of the big upsets of the day came in the 120-pound division as Westmoor's Craig Clark got a take down and a predicament in the first round against Oceana's Delcino. Craig managed to hold on for three rounds and ended up with a tie. Westmoor's Bruck Pope, always good for a win, came through with a 6-1 decision over DeJong.

Morton started the ball rolling for Oceana as he upset Westmoor's Bernie Brooks by one point. Hinds kept the ball rolling for Oceana with a decision over Westmoors' 138-pounder, Nick Wellisch. Hind's decision tied the score at 11-11.

Rich Fell put Oceana way out in front with a second-round pin of Mike Stephenson. But Rich's pin was in vain, as Westmoor's Robert Arrighini, wrestling his first varsity match, pinned Egan in the second round.

Oceana took the upper hand again as it won the next two matches to take a commanding six-point lead. Schweitzer decisioned Shel Klein and Bazzini upset Westmoor's Burt Lanthier in the 175-pound division.

Westmoor's Steve McBride pinned Gabbert in the first round to bring Westmoor to within one point of Oceana. With the decision of winner left to the unlimited wrestlers, Westmoor came out on top as Don Barbitta beat Wayne Burrackmann by six points to win his match and the meet.

CSM Downed by Contra Costa; Second Conference Loss in Row

By DON FABIANO

Leaderless and lacking punch, the College of San Mateo basketball squad absorbed its second Golden Gate Conference setback in as many outings Friday night, falling to the Contra Costa Comets of Richmond 74-49 before 400 onlookers in the Bulldog gym.

The win for the Comets moved their record to 2-0, and they did it in fine fashion, gaining control early, and then coasting to the win.

Rebounding, the portion of the game in which CSM is supposed to shine, hurt sorely, mostly due to the absence of forward Roosevelt Daurrough. The big sophomore forward quit the squad for what Coach Jack Avina terms "personal reasons."

Rosey's absence hurt CSM's game scoring wise. The Bulldogs, noted for starting out fast, hit on only 26 per cent of the shots in the first half, and 39 per cent for the game.

From the free throw line, Avina's dribblers cashed in on only 11 of 19 attempts. Meanwhile, Contra Costa hit 22 of 31 from the charity stripe, thereby gaining 11 of their 15 winning points.

The contest looked like an even match, for the first three minutes, at least. Then the Comets caught fire, and burned the Bulldogs with sure-handed outside shooting while pressuring them into costly turnovers en route to opening a 30-16 lead with 3:05 left in the initial period.

What scoring power the Bulldogs did have was supplied by forwards Mark Wilson and Fred Garrett. However, it was all too little and too late. Both men didn't start to hit consistently unil midway through the second stanza, and then against the odds of as much as a 17-point lead.

CSM did manage to chip the lead down to 10 with 8:48 remaining in the contest and kept near that deficit before they were forced to take fouls in an attempt to gain ball control in the late going.

IRISH COUNTRY SOUPS — Big Irish soups are made for men who work under the open sky and have appetites as boundless. They're easy to duplicate for hungry American men. The Kerry cottage Soup Pot above is made with condensed beef soup corned beef, cabbage and onion. Irish soda bread and country butter finish off the meal.

World O' Welcome In Irish Kitchen

There's a world of welcome in an Irish kitchen with the table set for the hungry man and the turf fire glowing. And there's a big soup in the kettle, surely, when himself comes in out of the wind and the rain.

Irish country soups are made for men who work under the open sky and have appetites as boundless. American men get hungry, too, and find a big soup just as welcoming.

The soup that takes hours of simmering over the fragrant peat fire in Ireland can be made in minutes in your own American kitchen. The magic is in the hearty condensed soup you start with, and the embellishments you add.

Kerry Cottage Soup Pot is a great soup to be making with Campbell's condensed beef soup as the base.

You add corned beef and cabbage and just a hint of onion.

Then serve Irish soda bread, spread with sweet country butter.

Or gladden the lads with Irish Potato Pottage, a whole-meal soup made with beef and mushrooms in condensed cream of potato soup. Have crunchy carrot sticks with it, and toast spread with farmer's cheese.

If your man's "a lovely man," as they say in Ireland of a big, strapping fellow, give him a soup his size. Have an Irish country soup waiting when he comes in out of the wind and the rain.

KERRY COTTAGE SOUP POT

½ cup chopped cabbage
2 tablespoons chopped onion
2 tablespoons butter or margarine
1 can (10¾ ounces) Campbell's condensed Beef Soup
1 soup can water
½ cup diced cooked corned beef
Dash peper

Cook cabbage and onion in butter until tender. Stir in remaining ingredients. Heat; stir now and then. Makes two to three servings.

IRISH POTATO POTTAGE

½ cup diced cooked beef
1 can (2 ounces) sliced mushrooms, drained
1 tablespoon butter or margarine
1 can (10½ ounces) Campbell's condensed cream of potato soup
½ soup can water
½ soup can milk
Dash pepper
Dash paprika
Chopped chives or parsley

Lightly brown beef and mushrooms in butter. Stir in soup, milk, water, pepper, and paprika. Heat; stir now and then. Do not boil. Garnish with celery. Makes two to three servings.

Raw Potato Pancake Tip

Latkes, or pancakes, made of grated raw potato or buckwheat are a part of Chanukah. This year, whether you make your own or use a mix try them with the addition of finely chopped, toasted California walnuts. Walnuts are tasty, too, in the traditional roast goose stuffing of kashe or bread.

Leftover Roast Is Gourmet Beef

California Beef Council Photo

A succulent roast of California beef goes gourmet the second day in this appetizing, quick to do Stroganoff. Simply stir thinly sliced cooked beef and mushrooms into a luscious sour cream sauce accented with onions. A sprinkle of parsley goes on top and it's ready to serve over fluffy rice.

When planning a roast, make sure there will be some left over. Cold roast beef makes wonderful sandwiches, hors d'oeuvres and salads, too.

On The Double Beef Stroganoff

⅓ cup chopped celery
3 tablespoons butter
⅓ cup flour
½ teaspoon salt
1 (3-ounce) can sliced broiled mushrooms
1 tablespoon instant minced onion
1 (10½-ounce) can condensed bouillon
1 cup dairy sour cream
1½ cups thinly sliced cooked beef
Chopped parsley

Cook celery in butter until tender-crisp. Stir in flour and salt. Add undrained mushrooms, onion and bouillon. Cook, stirring until mixture boils and thickens. Stir in sour cream. Add beef; heat gently. Sprinkle with chopped parsley. Delicious to serve with hot cooked rice. Makes about 4 servings.

WHEN COLD WINDS BLOW, bring on a brimming tureen of hearty Tomato-onion soup. Pass some golden toasty cheese dippers to dunk in the rich soup.

Take Bite Out Of Those Frosty Days

Nothing takes the "bite" out of a frosty winter day like bubbling-hot homemade soup. Making soup needn't be a long involved project either. Our Tomato-Onion Soup, for example, takes less than an hour of total cooking time yet has all the flavor and aroma of soups you simmer all day.

Tomato-Onion Soup is made almost like classic French onion soup with rich beef broth and lots and lots of onions. But we've pepped up the flavor of the soup by adding canned tomato sauce with tomato bits. Tomato sauce with tomato bits gives the soup more body and deeper, richer flavor. The pieces of whole tomato in the sauce add interesting texture.

Serve the soup with Toasty Cheese Dippers — oven-toasted French bread with a golden, melted cheese topping. We especially like the idea of dunking the toast in the soup (just as you would a doughnut in coffee). You could also float the toast in the soup as you do for serving classic French onion soup.

Tomato-Onion Soup with Toasty Cheese Dippers

- 5 medium onions, thinly sliced
- 3 tablespoons pure vegetable oil
- 6 cups canned or homemade beef broth
- 1 can (15 ounces) or 2 cans (8 ounces each) tomato sauce with tomato bits
- 1-3 cup dry white wine (optional)

Toasty Cheese Dippers

In four-quart Dutch oven, cook onions in oil until softened. Cover and simmer 15 mintues. Pour in beef broth and tomato sauce with tomato bits; simmer 30 minutes. Add wine and pour into serving bowls. Serve with Toasty Cheese Dippers. Makes six servings.

Toasty Cheese Dippers

Toast six slices French bread (½-inch thick) until dry and golden at 350 degrees F. Sprinkle with 1 cup shredded cheese (a combination of Swiss and Parmesan is especially good), then with 2 tablespoons melted butter. Broil until cheese melts and just starts to brown. Serve with Tomato-Onion Soup.

Q. What's the name of this cut of meat?

A. Fresh ham or leg of pork roll. Shown here is one cut in half.

Q. Where does it come from? How is it identified?

A. It comes from the leg section. It's boneless, shaped and tied. The coloring of the lean is characteristic of fresh pork, that is, pinkish gray, with a firm and fine texture. Most people are familiar with the cured ham cut, but this fresh cut is seen more often than formerly in markets.

Q. How is it prepared?

A. By roasting since it's a tender cut. This pork cut, like cuts from the pork loin, is roasted to an internal temperature of 170° F., as measured by the roast meat thermometer. It may be cooked on a rotisserie or it may be roasted on a rack, in an open shallow pan. Oven temperature should read 350° F. for roasting the fresh half leg or ham, 325° F. for the larger whole leg; allow 35 to 40 minutes per pound for roasting either cut.

These Raisin Towers Tasty

An exciting raisin dessert to serve with flaming cafe brulot or hot spiced wine at a holiday party.

- 6 egg whites
- ¼ teaspoon salt
- 2 cups sugar
- 1 teaspoon lemon juice
- 1 teaspoon vanilla
- 1½ cups finely chopped California seedless raisins
- 1 cup finely chopped pecans
- 1 pound semi-sweet chocolate
- 2 cups whipping cream

Beat egg whites and salt to moderately stiff peaks. Add sugar very slowly, beating constantly, until sugar is completely dissolved and meringue is stiff and glossy, about 15 minutes. Carefully fold in lemon juice, vanilla, raisins and pecans. Drop in 2-inch mounds, ¾-inch thick onto lightly buttered baking sheets. Bake in slow oven (250 degrees F.) 45 minutes or until very delicate golden color. Remove to racks to cool. Melt chocolate over hot water. Cool slightly. Beat cream until stiff. Gently fold into chocolate. Put meringues together, stacking 3 rounds with chocolate filling between. Makes 1½ to 2 dozen triple decker merinques.

Try Guessing Yule Relish

Keep everyone guessing as to the combination of flavors in this special Christmas relish. Put through your blender or food grinder 2 cups raw cranberries, 1 cup watermelon pickle and ½ cup syrup from the pickle. Stir in ½ cup chopped toasted California walnuts; refrigerate until serving time.

Another boon of the space age has been accomplished for homeowners . . . an exterior wall coating so tough and durable, it is guaranteed to totally eliminate exterior house painting for over 15 years. This remarkable product is called DURAFLEX, combines the long lasting properties of fiberglass, asbestos, mica and perlite to make a wall surface that resists all climatic extremes.

Guided missile manufacturers for the United States government have found DURAFLEX a superior product for insulation of heat shields used in the space program.

School boards everywhere have found textured coating more economical and longer lasting. They now specify this material.

After more than 15 years' exposure to extreme weather, many thousands of textured coating applications on homes, commercial and industrial buildings worldwide, remain in perfect condition.

The United States Government, large corporations, as Shell Oil Co., Pacific Telephone Co., Thunderbird International Hotels are using DURAFLEX. Auto World

World motor truck registration figures for 1966 show that the United States has 39.2 per cent of the world's truck inventory, according to the Automobile Manufacturers Association.

Since 1922, U.S. truck registrations have increased 640 per cent with a total of 16,100,000 in service in 1967. However, the nation's dominance in the truck field has been slowly reduced through the years, AMA records show.

In 1925, U.S. truck registrations of 2,569,734 represented 72 per cent of the world total. By 1950, the nation's fleet of trucks had increased to 8,598,962, but its percentage of world trucks had dropped to 51.5.

The U.S. share dropped below 50 percent for the first time in 1952 when the nation had 9,198,836 trucks on the road. In 1960, the number of trucks traveling America's streets and highways had reached 11,914,249, but represented less than 43 per cent of the total.

☆

General Motors announced recently that effective with shipments starting January 1, 1968, all passenger cars except convertibles will be equipped with two front seat shoulder harnesses. List prices will be revised in the amount of the current price of these items which are now available as optional equipment at a list price of $22 on most models.

Completing its fourth calendar year of production, the General Motors' Fremont plant in 1967 assembled 225,837 passenger cars and trucks bringing total plant output to 1,047,810 vehicles since production began in 1963, according to Fremont plant manager Marshall H. Boden. The production milestone of one million vehicles was reached in October, 1967, about four and a half years after vehicle number one.

Total GM passenger car and truck production in California was 486,995 units, including those produced by the Southern California plants.

In 1967, the Fremont plant assembled 66,285 Chevrolet Chevelles; 36,177 Pontiac Tempests and LeMans; 22,612 Oldsmobile F-85's and Cutlasses; 22,377 Buick Specials and Skylarks; 66,795 Chevrolet trucks and commercial vehicles, and 11,591 GMC trucks.

Youth Dies In S.S.F. Car Crash

A 19-year-old South San Francisco youth who had been kept alive since he was three months old by blood transfusions due to a rare blood disease was killed last week in an auto accident.

Frank Frank Jr., 709 Newman Avenue died at Peninsula Hospital after a car crash. The youth had Cooley's anemia which required seven blood transfusions a year. Officials at Irwin Memorial Blood Bank where he had received the transfusions said that he was always patient and cheerful and had hoped to finish college studying business administration.

The youth was fatally injured and two Peninsula airmen, home on Christmas leave, were hurt when their stopped car was struck from behind at a traffic signal in South San Francisco yesterday.

The force of the impact sent the car, driven by airman Eugene J. Lacardo, 22, of 633 Newman Drive, South San Francisco, careening off another car stopped alongside at the intersection of Airport and Randolph Boulevards.

A third car, driven by Michael W. McKay, 24, of 2000 Vallejo Street, San Francisco, smashed into the ill-fated car as it was propelled into the busy intersection shortly after 1:30 p.m.

A passenger in Lacardo's car, Frank, 709 Newman Avenue, South San Francisco, died six hours later at Peninsula Hospital where he had been rushed with serious head injuries following the accident. Lacardo's 20-year-old brother, Ronald, escaped with minor cuts and bruises.

The Lacardo brothers were taken to Hahneman Hospital in San Francisco for treatment.

Eugene was reported in good condition with possible head injuries. Ronald was treated and released.

Driver of the car Billy Joe Droski, 28, of 608 Pine Terrace, South San Francisco, escaped injury.

Police said the accident was touched off when a car driven by Robert J. Kaup, 43, of 100 Magnolia Avenue, South San Francisco, crashed into the rear of the Lacardo vehicle while it was waiting for a green light.

The accident is still under investigation, a police department spokesman said.

Westmoor Plans Easter Seal Help

Planning a $500 goal for Westmoor's school project of 1968, the executive board of Westmoor has decided to use this money to buy auditory training equipment for the Easter Seal Rehabilitation and Research Center for Crippled Children and Adults of San Mateo County. Through the student's contributions, Westmoor will furnish the center with an auditory trainer, transducer, carpeting and drapes to soundproof a small room.

Student Body president Scott Bjorquist and treasurer Kathy Knowlton, after visiting the center in Burlingame, asked the center how Westmoor's $500 could best be used to serve the patients. Executive Director of the research center, Mr. Millard Mamsher, made three suggestions for a gluing machine to seal envelopes and portfolios made by the handicapped patients, for an auditory trainer called the "Phonic Bar," and for an electric cardiagraph machine. Considering these suggestions, the executive board chose to buy the auditory training equipment because it would enable the center to accept more hearing-problem patients who would otherwise have to travel a great distance for this specific therapy.

Chairman of Westmoor's 1968 project, Kathy Knowlton, began the campaign to raise the needed funds before Christmas vacation, by passing colorfully decorated boxes among the students for their loose change. Kathy is also planning to hold a morning dance and to have the students sell chocolate candy bars to achieve the project's goal.

In a letter addressed to Westmoor's Student Body, Mr. Millard Hamsher stated his feelings, "We are deeply impressed and pleased that your student body is involving itself in the assistance of the handicapped in our own community. In this manner you may feel the gratification of knowing you are helping friends and neighbors as well as being able to observe what's being done with the money which you raise. We believe that this kind of community involvement is one of the primary needs of our society and follows the American tradition of helping one another."

Located at 1764 Marco Polo Way in Burlingame, the Easter Seal Rehabilitation and Research Center encourages both students and adults alike to visit the center and see what ways the handicapped are trained to help themselves.

Wife Held After D.C. Blaze

A 68-year-old Daly City housewife, who Daly City Police report, said she set her Muirwood Drive home on fire while her husband slept early Sunday, is being held for observation at San Mateo County General Hospital.

Authorities said Mrs. Eileen B. Colthurst, 78, and her husband, John E. Colthurst of 93 Muirwood had been arguing the previous night.

A police spokesman said officers abated the domestic squabble at that time.

However, at about 6:15 a.m. Sunday, fire broke out in the Colthurst living room, possibly fueled by a Christmas tree, Daly City firemen said.

Colthurst, it was reported, was awakened by his wife's shouts. He found the living room completely engulfed by flame and the home full of smoke as he attempted to flee the house.

Colthurst, according to a spokesman at Mary's Help Hospital in Daly City, was treated for second degree burns of the face and neck, suffered as he dashed to the outside through the flaming living room. He was not hospitalized, however.

Police said Mrs. Colthurst, whom they said had been hospitalized at County General recently, asserted that she had torched off the blaze.

A spokesman for the Daly City fire department said the fire spread rapidly from the living room to a dining area, the kitchen and a bathroom, gutting the living room and demolishing its contents and blistering paint and furnishings in the other rooms.

Smoke damage throughout the house was severe, with the estimated loss to the building set at $7,500 and to contents at $3,000.

L. D. McLeod S.S.F. Civic Leader, Dies

Leonard D. McLeod, 79, a prominent businessman and civic leader in South San Francisco for many years, died Wednesday at Peninsula Hospital in Burlingame.

McLeod was a former president of the South San Francisco Unified School District board of trustees, and was manager of the city's chamber of commerce for 18 years.

He was a store manager for the J. C. Penney Co., and secretary of the Industrial Savings and Loan Co. in South San Francisco.

Prominent in the city's business and civic life since moving there 38 years ago from Montana, McLeod participated in numerous fund-raising activities for charitable organizations and was one of the founders of the city's Boys' Club.

He was a member of the California Country Club, and the Francis Drake Lodge 376, F. and A.M.

Masonic funeral services were held Sunday at 7:30 p.m. from Nauman and Lincoln Chapel, with inurnment at Wodlawn Memorial Park.

McLeod is survived by his widow, Corinne, who resides at the family home at 536 Lasson Street; two daughters, Mrs. H. S. Christiansen, Los Angeles, and Jeanne McLeod, South San Francisco, and two grandchildren.

Griffith Announces Bruno Candidacy

Dick Griffith, only announced candidate in San Bruno's April 9 contest for two city council seats, today indicated he would offer the public a preview of his potential city council performance by announcing his "votes" on substantive matters coming up at council meetings between now and election day April 9.

"By becoming a sixth councilman provisionally — or shadow councilman, if you will — before that time, extraordinary and unprecedented commitment will be required, but the people will be able to determine where their interests lie.

"For example, in recent roll calls, my vote would have lined up with those of Christal and Ingham in favoring knowledge as to what the 20-year bond amortization schedule looked like before approving it. My vote likewise would have afforded a 3-2 majority for fiscal responsibility in handling the flood bond engineering funds.

"In earlier votes, mine along with Risso's and Barberian's could have defeated the Root-Beer Drive-in at "our last best corner." there would have been another vote for saving the Belle Air Firehouse and for warding off a service station in Pacific Heights in land already programmed for highway widning."

At the next council meeting, the five councilmen will be faced with a decision on whether to earmark one-quarter of the motel tax fund for the San Bruno Chamber of Commerce, Griffith said.

"While the San Bruno Chamber of Commerce has made rapid strides over the past two years under substantial subsidy by homeowners and do deserve continued consideration in their promotional endeavors — I would vote against giving it any portion of the motel tax," he said.

He asserted the motel tax was "wrong to begin with." It helped open up, he explained, the Pandora's box of the commuter tax which Mayor Alioto now proposes. "But now, fiscal responsibility requires that it be used for direct benefit of homeowners," he concluded.

S.F. Indian Found Dead

A San Francisco man who was found dead Friday, his body across a fence in Brisbane, probably died of natural causes, the coroner's office reports.

Coroner's Investigator Joseph McPheters identified the man as Frank Dennis Yazzie, 23, a warehouseman, who lived at the American Indian Center in San Francisco. McPheters said that Yazzie was a member of the American Indian Council, according to papers found in the deceased's clothing.

Yazzie apparently had been dead about two days, McPheters reported.

Big Boost In Building

San Bruno enjoyed a tremendous increase in building activity during 1967, according to the city's year-end building report.

Building permits issued during the year totaled $9,961,394, compared with $3,649,391 in 1966.

The preponderance of new building last year was in the area of commercial construction, with 13 permits issued totaling $6,168,900.

New homes accounted for $2,073,500, new apartment buildings $548,150 and residential alterations, $521,902.

Mother's Club Slates Meeting

BRIGHT LIGHTS BY LLOYD ★ JOHNSON

Mary Ann Hay and Don Kelly Recording Artists

DID YOU KNOW that right at the shores of the Pacific ocean, in Pacifica, where **Nick and Lorraine Gust's** famed restaurant-lounge is the "beacon light" for food and fun, you may enjoy the entertainment of recording stars **Mary Ann Hay**, vocalist, and **Don Kelly** on the organ? It was your **Bright Lighter's** good fortune to be a first to hear their newest album, "Hay! Kelly!" — an H and H Enterprise record. This is a great one! If you can't purchase the record at your local store, by all means, make it a point to purchase one on your next visit to **Nick's,** where, incidentally, the smooth dance tunes of the **Dick Snyder Combo** will add zest to your weekend dine and dance schedule . . . Luciano special sandwich at **Fred Martinelli's Oliver's,** in South San Francisco. Served with French fries, the sandwich is a combination of salami, Swiss cheese and ham. It's a delicious midday treat for $1.75.

RAPIDLY DEVELOPING into one of the West's top comics, **Jackie Phillips,** the wacky redhead in **Finocchio's** fun revue of female impersonators, gets big ovations at every show. Jackie, who resembles English comedienne Beatrice Lillie, has his own brand of off-beat humor . . . Weekends are so packed at **Yolanda's Terminal Cafe,** manager **Chuck Winstead** advises patrons to visit the famed Golden Gate Produce Terminal restaurant, in South San Francisco, during the week. Owner **Yolanda Fambrini** features dinners on Wednesday and Thursday nights that rival even their own weekend "Family-style" offerings. Last night's hungry crowd feasted on Prime Roast Beef and Chicken Cacciatore . . . **Don Dianda** was flattered no end when **Rosemary Clooney,** lunching at his Holiday Award Winning **Doros** restaurant on San Franicisco's Montgomery Street, told him his food was the best she had enjoyed in Baghdad-By-The-Bay.

STEVE NORTON, director of sales for the **Villa Hotel,** informed this columnist that my good friend **Liberace** will soon be back on the Peninsula for a short stay. Needless to say, Steve also reminded me that the famed pianist would be staying in the Presidential Suite of the Villa Hotel, which almost makes him a regular — it's his third visit here . . . **Bill Basil,** the amiable owner-barkeep at **Vasili's,** the plush downtown diner behind Gump's, is happy the holiday season is over. Some of the shoppers came in with far-out cocktail requests. One little old lady asked for a "very dry martini — half vermouth, half gin." She used up a month's supply of Bill's vermouth, and loved every drop of it . . . The extra space which resulted from the recent remodeling of the beautiful "Southern" room in the **New Southern** was certainly welcomed during the past holiday season. The **Donati** brothers and **Nick Sbarra** report it was the busiest banquet season ever for the bustling South San Francisco restaurant.

LES HYLTON, congenial owner of the **Bit of England,** has introduced a menu of daily dinner specials at his downtown Burlingame pub and restaurant. Changing daily, the specials range in price from $1.35 to $1.95, and include such taste delights as a Combination Seafood Ensemble (Fridays) and Coq Au Vin (Saturdays), plus the featured steaks and seafood dishes . . . That softly-lit, intimate atmosphere at **L'Auberge** in Atherton was the brain child of **Louis,** the versatile partner and maitre 'd. He utilized wrought iron grills, worm wood panelling, awning and lanterns to suggest a French country courtyard . . . The **Fabulous Romanos** play for dinner-dancing on Friday and Saturday evenings at the plush **Blue Peacock** lounge and restaurant, Millbrae. From 9:30 p.m. to 1:30 in the a.m., the smooth dance floor is a favorite after-dinner attraction for diners . . . **Art Alfinito's Rudolfo's** restaurant and cocktail lounge in Palo Alto is filled, these evenings, with people who enjoy the cozy, friendly pianobar and the matchless charcoal-broiled steaks and Italian specialties which are featured.

THE BELMONT CHUCK WAGON, one of the newest additions to the Peninsula's roster of fine restaurants, was a success from the moment it opened its doors, last Wednesday eve. The one-price menu features a choice of Roast Prime Ribs, Filet Mignon, Pan Fried Chicken or the Chef's Special Entree of the day, for just $3.85 complete; children, $1.85. Owners of the new dinery are **Al Malatesta, Ed Zago** and **Charley Morosin,** whose **Marina Chuck Wagon** in San Francisco is famous throughout Northern California. Belmont Chuck Wagon is open for dinner seven evenings a week from 5 p.m. Monday through Saturday, and from 3 p.m. on Sundays and holidays . . . Although **Oreste's** owner, **Joe Piccinini,** is one of the best known maitre 'd's in San Francisco, many people do not realize that he's an excellent chef. To be sure each dish is cooked to perfection, the culinary expert also supervises the kitchen.

ADRIAN "RED" STICKNEY reports that 1967 was the best year in the 17 years that **Stickney's restaurants** have been serving Peninsula families with fine dining. Starting with the original **Hick'ry House** in Redwood City in 1948, Stickney's has developed into one of the favorite gathering and dining spots in the Bay Area — with locations now in San Mateo, Redwood City, Palo Alto and Santa Clara . . . Betty Koontz now brightens the scene at **Stickney's** of San Mateo in the capacity of hostess. The former owner of the Red Lantern restaurant, which is now the site of The York, is looking forward to greeting her many friends—both old and new . . . Enjoy Old World elegance and exquisite Italian dining at the **Villa Italica,** 1500 El Camino Real in San Carlos. Vittorio Cantalupo who has a reverent regard for the subtleties of traditional Italian cooking, is the proprietor of this unique restaurant.

Villa Chartier Is Prime Rib Specialist

Kindly **Joe Cohen,** president and general manager of **Bay Meadows,** hosted a party of 80 guests at the **Villa Chartier,** recently and the chosen entree was Prime Ribs of Beef. Not only was the beef as prime as it could be, but it was prepared to "rare, medium and well done" perfection. Whether owner **Emerson Murfee** was aware of it or not, he couldn't have had 80 more satisfied customers and Prime Rib boosters for the Villa Chartier. For your next banquet here, suggest this tasty dish to the one in charge of your party.

'All You Can Eat' Black Angus Policy

Many first-time diners can't get over the "All you can eat" policy of San Mateo's famed **Black Angus Chuck Wagon.** Eat as much as you like — even seconds, thirds and fourths. The specialty of the Black Angus is Ranch-style Sirloin of Beef. When you add fresh country-style Fried Chicken, Chuck Wagon Stew and Cowboy-style Beans, a heartier meal was never enjoyed — and the price is only $1.75.

Charles Einfeld, vice president of 20th Century Fox in Hollywood, dined at **Lew Lehr's** in San Francisco's Marina, recently, and had quite a time telling **Lew,** and his bar manager **Stan Marcus,** a lot of hilarious stories about his adventures on the golf course. With Lew and Stan being avid golfers, it was quite a yarn swapping night.

☆

Things have quieted down to a roar at **Alexi's Zorba** in Burlingame since the sensational **Laura** left for another entertainment comitment. Opening January 16 for a lengthy engagement will be recording artists **Trio Bel Canto,** who will bring with them songs from their best selling album, "Greek Hit Parade."

☆

Few after-work gathering spots can match the spread of hor d'oeuvres that the **Rapp Brothers'** provide each evening in their **Holiday Inn Lancer Lounge,** South San Francisco. A wide variety of tasty tidbits, both hot and cold, are served during the nightly cocktail hours.

HAROLD P. ROSE was elected a director and vice president of Foster Lunch System,, Ltd. at the annual meeting held recently. He has been employed with Fosters since 1947 and, at present, is general manager of the National Food Management Service Division.

Fuji Sukiyaki Reopens Jan. 11

Bob and Dorothy Masuda will be back in chop stick action at their **Fuji Sukiyaki** Japanese restaurant Thursday, January 11, after enjoying a vacation in the Islands. I'll be one of the first in line, next Thursday, to have Saimin and Sushi.

☆

A house specialty of **Wilfried Blarer,** chef-owner of the **Matterhorn Swiss** restaurant in Burlingame, is Fondue Bourguignonne for two. Served with a variety of sauces, the choice Filet of Beef can be cooked at your own table to suit your own taste.

☆

Of special note: Every restaurant serving pizza has its own method of preparing crust (pizza dough). The light and tasty dough prepared at **Romano's** in Pacifica is the home made product of **Mama Romano,** who keeps the family secret in her "little black cookbook."

Fireside Lounge Now Featuring The Topless Dixie Belles

San Mateo's **Fireside Lounge** has established another first on the Peninsula by bringing in the **"Topless Dixie Belles,"** also featuring **Sammy Blank and his orchestra.** Playing his first Dixieland tunes on New Orleans Bourbon Street, Sammy is now recognized as one of the most popular exponants of Mason-Dixie entertainment from coast-to-coast. As far as your **Bright Lighter** knows, this has to be the first topless extravaganza performed to Dixieland music — and it's a swingin' display.

Aircraft Noise To Be Curtailed, Claim

A new airport approach pattern designed to lessen aircraft noise from planes approaching San Francisco International Airport was announced yesterday to the Airport Sound Abatement Center.

Norman Merkel, FAA tower controller, announced this second flight pattern change within a month, as a means of reducing jet noise intereference with Peninsula residents.

Merkel said the latest change involves planes approaching the field from the southwest and west, which have previously flown in over residential areas before making descents toward the north-south runway.

During the three-day December windstorm, Merkel said, the turning point was shifted farther out, so that approaching planes must line up for their descent by the time they cross Crystal Springs Lake.

The previous pattern required pilots to come in, from either north or south, parallel to the Skyline, and make a turn towards the airport while over the Mills Estate area. This is extremely noisy, Merkel indicated, because of the changes in power required during the descent and turn.

A secondary benefit of the pattern change, it was said, would be a freeing-up of air space around San Carlos Airport, since the result will be for jetliners to swing farther out, all the way around San Francisco International.

Merkel said the change in approach patterns was in response to complaining residents of Hillsborough and Burlingame, and brought 90 per cent decrease in complaints within two or three hours.

This is the second landing-pattern change announced since early December, when Sound Abatement Center members were told of a new approach for planes coming in from the south, which will apply when normal wind conditions prevail.

The newer landing pattern will be used only when north winds force a shift of landings and take-offs, from the preferred east-west runway, to the north-south runway.

Merkel said instructions for the latest change would be distributed to pilots, airlines, and others involved, as rapidly as possible.

He said the December change, proposed by the Sound Abatement Center's technical subcommittee headed by Charles Gregg of Pan American and Chief Pilot William Townsend of TWA, has already been adopted by 90 per cent of pilots using San Francisco Airport.

Tax Relief For County Is Sought

A move to obtain some $3 million in property tax relief for San Mateo County was endorsed here last week by the newly reorganized Board of Supervisors.

The County Supervisors Association of California is launching a statewide campaign to secure state allocation of $155 million in property tax relief for counties in 1968-69.

The source of revenue would be part of the one-cent increase in the state sales tax as contained in Governor Reagan's enacted Tax Program of 1967.

Warning Signals

"There are strong warning signals in San Mateo County that such relief will be needed," newly installed Board Chairman James V. Fitzgerald said.

He pointed to the possible 12-cent tax rate hike and bond issue being sought by College of San Mateo to complete the Skyline and Canada college branches, the additional $145 million that schools have been promised by the state for 1968, the shrinking support to the county in federal grant funds because of the continuing Vietnam involvement, and the state's own continuing revenue problems.

Board members instructed County Mgr. E. R. Stallings to set up a meeting with State Sentor Richard Dolwig and Assemblymen Carl Britschgi and Leo Ryan shortly after the State Legislature convenes January 8.

$1 Billion Gap

A projection of California county expenditures and revenue needs for the next five years by CSAC shows that if present revenue sources remain basically constant, there will be, statewide, a $1 billion revenue gap for the fiscal year 1970-71 alone.

Property tax relief in 1967 totalled $211 million, of which county governments received $25.2 million, only 30 per cent of the normal annual increase in county property tax levies the CSAC study points out.

Sixty Join Service Unit At Capuchino

More than 60 students have joined Capuchino High School's Community Service Corps. Some of the planned activities include visiting patients in hospitals, tutoring younger children who are having difficulty in school, reading stories into a tape recorder for the blind, helping the crippled learn to swim, and many more worthwhile projects.

The people being helped are not the only ones who profit from the corps. The volunteer helper gains the experience of less fortunate, and the satisfaction of knowing he is needed.

In time, John Ward, faculty sponsor of the corps and social studies instructor, hopes to enlarge its boundary to include activity in Hunter's Point and smilar areas.

D.C. Firms Win License

The Daly City Council yesterday approved three business licenses requested by the following applicants:

Thomas Eraski, 6379 Mission Street, Toys & Gifts Galore; Hargis King, 6636 Mission Street, Hargis King Carpenter; Bruno Soatena, 35 Skyline Plaza, International Joe's (dance permit).

"DENTAL HEALTH FACTS"

Small cavities in the teeth can be filled more easily and with less discomfort than large ones.
If decay is neglected it leads to infection and abscess formation. An infected tooth is a hazard to good health and often must be removed.
A tooth that has been lost should be replaced by an artificial one. If it is not, the other teeth will shift. This shifting may lead to more decay and to diseases of the gums.
Irregular placement of the teeth should be corrected for many reasons: To improve appearance, speech, and the ability to chew foods and to help prevent other dental diseases.
Have your dentist check for cavities and follow his recommendations if treatment is needed.

Dr. Campbell tries to limit his practice to the making of dental plates, partial plates, removable bridges and extraction for same; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth. Dentures are not as efficient as healthy, natural teeth.
